[REDACTED] LIAISON Called Bill Cleary, in the office of Representative James Johnson (R., Colo.), and told him that we could work out something of a tour and overview briefing on Agency activities and how we offer support to Congress and that a group of 30-40 Administrative Assistants would be the best size for efficient handling of such a briefing. He said the Association was having a Board Meeting this evening and would pass the information on and would get back to me if it was decided to ask for such a tour, and at the same time would give me some possible dates.

16. [REDACTED] BRIEFING I talked several times with (Grant) Wayne Smith, staff of the House Merchant Marine and Fisheries Subcommittee on Oceanography, apropos his earlier conversations with and letter to [REDACTED] OER, and his interest in having a mini-briefing for Chairman John Breaux (D., La.), Chairman of the Subcommittee. The Subcommittee has a bill to be marked-up in May, and wants CIA's "objective" views on matters of possible cartelization by foreign countries with mineral resources important to the U.S. as that might threaten U.S. interests. [REDACTED] Congressional Support Office, agreed to brief Mr. Breaux and Smith on 28 April at 2:00 p.m. in the Congressman's office. On the basis of the briefing, Mr. Breaux will decide if he wants CIA to brief the full Subcommittee early in May.

18. [REDACTED] LIAISON Received a call from Bill Inglee, Congressional Research Service, Library of Congress, who called to renew his request for unclassified data on Soviet military aid to third world countries. He indicated that a total was available but not a country-by-country breakdown. After checking with [REDACTED] Congressional Support Office, I called Inglee back and informed him that this Agency did not have available unclassified figures on a country-by-country basis. I suggested that he consult a document put out by the Arms Control and Disarmament Agency which provides fairly reliable information on this same subject. Inglee, in a departure from practice, had indicated that his Congressional requestor was Senator James B. Allen (D., Ala.). I told him that if the Senator desired a briefing, he should contact the Agency and we would see what could be arranged.

25X1

25X1

19. [REDACTED] LIAISON Called Bill Kincade, Staff Director, Joint Committee on Defense Production. I told Kincade, in response to his earlier request, that the unclassified report on Soviet civil defense was not yet available. I also mentioned that our people were not in a position to give him an update briefing on the civil defense situation at this time but would be able to do so in a few weeks. Kincade accepted this saying that he would pass this information to Senator William Proxmire (D., Wis.) who had initiated the inquiry. [REDACTED] Congressional Support Office, has been alerted to notify us as soon as the civil defense paper has been declassified for release to the public.

20. [REDACTED] LIAISON Called Sam Hoskinson, NSC, to inform him of the appearances we were making on the Hill on the energy topic, and he assured me he would pass the word on to Jerry Schecter, NSC.

In connection with Chairman John J. Flynt's (D., Ga.), House Committee on Standards of Official Conduct, letter of 4 April 1977 to Dr. Zbigniew Brzezinski, Assistant to the President for National Security Affairs, concerning the Committee's inquiry [REDACTED] Hoskinson said that the recommendation he made was to call Chairman Flynt, indicating it was understood that progress was made with the intelligence agencies, but also indicating Dr. Brzezinski's availability should a problem develop.

25X1

21. [REDACTED] LIAISON Called Dale Schmidt, on the staff of Representative Robert W. Kasten, Jr. (R., Wis.), and advised him that the releasable study on the impending Soviet oil crisis is classified and a copy is in the possession of the House Armed Services, Appropriations, and International Relations Committees. I suggested he contact those Committees if he had a need to review it and assured him that if and when an unclassified version of that study is released--a decision which should be made shortly--we would keep his interests in mind.

25X1

22. [REDACTED] LIAISON Steve Sims, on the staff of the Subcommittee on Oversight and Investigations, House Interstate and Foreign Commerce Committee, called for a copy of the impending Soviet oil crisis study. I explained that it was classified, and suggested he contact the House Armed Services, Appropriations, or International Relations Committees if he wished to review a copy of the study.

25X1

[REDACTED] what procedures are to be followed in obtaining briefings from the Agency. I told him he should go through this office and not directly to the analysts. Concerning the possibilities of arranging the briefings, I said it was essentially a resource problem for Committee staff briefings and we try to be as responsive as possible.

25X1

23. [REDACTED] BRIEFING George Murphy, Executive Director, Joint Committee on Atomic Energy, called to verify last minute security arrangements in connection with Thursday morning's briefing of the Senate Energy and Natural Resources Committee.

24. [REDACTED] LIAISON Jackie Hess, on the staff of the House Select Committee on Assassinations, called to report her finding from her review last night that FOIA material the Agency had supplied in the past to the Committee was more extensive than she had originally realized as some of it had been squirreled away within the Committee. I told her if she found any gaps in her material to let us know and we would fill them.

25X1

25. [REDACTED] LIAISON Called Grenville Garside, on the staff of the Senate Energy and Natural Resources Committee, and obtained the names of the Committee staff personnel who would attend tomorrow's briefing in order that we might verify the status of their security clearances.

25X1

26. [REDACTED] LIAISON Bill Miller, Staff Director, Senate Select Committee on Intelligence, called on the interim report on Micronesia indicating that Senator Gary Hart (D., Colo.) seemed set to force a Section 8 issue on the basis of the Committee's earlier 10-0 vote and Miller suggested that we submit another letter. I told Miller that from my recollection of the sequence, the issue had not been joined procedurally under Section 8, and this certainly would not be the case if the Committee vote preceded the receipt of Mr. Knoche's letter expressing his concerns. The Committee will meet on this issue Friday afternoon at 2:00 p.m.

25X1

27. [REDACTED] LIAISON Dorothy Fosdick, on the staff of the Permanent Subcommittee on Investigations, Senate Governmental Affairs Committee, called to ask if either Mr. Cary or myself could drop by to discuss a matter with herself and Richard Perle, also on the Subcommittee staff.

25X1

28. [REDACTED] BRIEFING Called Jim Free, in the White House legislation office, and closed the loop on Mr. Cary's call to him yesterday concerning Chairman John D. Dingell's (D., Mich.), Subcommittee on Energy and Power, House Interstate and Foreign Commerce Committee, request for Admiral Turner's appearance before the Subcommittee on 25 April.

29. [REDACTED] LIAISON Ralph Preston, on the staff of the Subcommittee on Defense, House Appropriations Committee, called and said that Chairman George H. Mahon (D., Texas) was very impressed with the international energy situation study and requested 25 additional copies, which I said we would be glad to supply, and have done so.

30. [REDACTED] LIAISON Tony Lapham, General Counsel, George Cary and I met with Philip A. Lacovara and John W. Nields, Jr., both of the House Committee on Standards of Official Conduct staff, with regard to [REDACTED] The initiative for the meeting came from Mr. Lacovara and it was, for the most part, exploratory on both sides. (See Memorandum for the Record.)

25X1

31. [REDACTED] LIAISON Sent by courier to Chairman Daniel K. Inouye (D., Hawaii), Senate Select Committee on Intelligence, a letter from Admiral Stansfield Turner on the subject of gun smuggling operations out of Florida.

25X1

32. [REDACTED] LIAISON Received a call from Jean Evans, Senate Select Committee on Intelligence staff. He requested a meeting with [REDACTED] DDO/CI Staff, and [REDACTED] SE Division, regarding illegal 25X1 east-west trade. Evans wants to find out what information the Agency has on companies evading restriction of exporting certain items to communist countries. Evans suggested the morning of 29 April for the meeting.

25X1

33. [REDACTED] LIAISON Talked to Stan Taylor, Senate Select Committee on Intelligence staff, regarding the Committee's proposed interim report [REDACTED] Taylor informed me of Senator Gary Hart's (D., Colo.) view, that lacking a firm objection from the Agency about the publication of the interim report, that the report should be issued promptly. Taylor said Senator Hart felt that the Committee's full report was so critical of the intelligence collection program that further watering down of the interim report made no sense whatsoever.
